HOW TO OPTIMIZE DELIVERY TO YOUR EMAIL ACCOUNT

As the volume of SPAM increases, ISPs and have become increasingly zealous in their filtering efforts. We have partnered with the industry's leading delivery experts to do everything we can to ensure delivery of our emails, but there are a few steps you should take on your end to guarantee delivery.

If you suspect that you are not receiving **your trading services from Hilary Kramer**, or you notice sporadic delivery, you should be sure that our email address is included on your "whitelist" or "approved senders list."

Here are the 2 most important steps you can take toward guaranteeing delivery of our alerts:

1. Add our address (financial@alert.eaglefinancialpublications.com) to your address book
2. Ask your Internet Service Provider's technical support (or your company's email administrator) to add our sender information to their SPAM filter's whitelist:
